Please pray for my Father In Law. This is a bad episode. He is afraid does not know where he is right now (he is at home.) My husband is on phone with him. He does not know who he is. Joe is trying to help find a way to calm him down.

Dementia is horrific. Please pray for Jim.

My visits last week to Texas and Florida had massive numbers of cheering people gathered along the roads and highways, thousands and thousands, even bigger (by far) than the crowds of 2016. Saw no Biden supporters, and yet some in the Fake News said it was an equal number. Sad!

My visits last week to Texas and Florida had massive numbers of cheering people gathered along the roads and highways, thousands and thousands, even bigger (by far) than the crowds of 2016. Saw no Biden supporters, and yet some in the Fake News said it was an equal number. Sad!

The compliance piece is secondary to me in that this case launched a revoly against police for systemic racism. What part was racist? The black cop putting a black man in the car? The MULTIPLE attempts to calm him down? It's hard as hell to watch but we were lied to about it ALL

That is exactly how you know you are right now. When the 1st response to ANYTHING is "well you're racist" that means you are 1) Right and 2) Arguing with a liberal

FL and NY have an identical number of per capita coronavirus infections but FL has 5X less per capita deaths. Will Dr. Fauci be praising @GovRonDeSantis' response to the pandemic? Will he point out that @NYGovCuomo's response allowed a fivefold greater per capita death rate?

I recall his "I did not have sex with that woman, Monika Lewinski" until a stained dress proved he did. Questioning if Bill was with 2 underage girls is like seeing an alcoholic with a drink in each hand and wondering if he's drinking both drinks.

I am so fucking tired of all the posts that say masks don't work, and yet, the mask mandates just keep piling up. I don't believe they work either but my town has really cracked down just very recently. Prior to that I could go in any store without a mask. I'm a sheep now 😷

Biden couldn't even out debate the other Democrats in his own primary, there's no way he will even debate President Trump..

Anyone who thinks these debates are happening is extremely naive.

Its Simple

You can either put your Ballot in the Mail and risk the Postal Service Losing it and your Vote wont count

Or, you can Vote in Person and be 100% Guaranteed your Voice will be heard

In such an important election, why would anyone risk putting their Ballot in the Mail

It's now clear #GeorgeFloyd was desperately lying, claiming he couldn't breathe while no one was interfering with his breathing, insisting he couldn't get in a car when he had just gotten out of a car. Is this why officers ignored his pleas in the minutes preceding his death?

President Trump with his Executive Order has extended the Unemployment benefits from $600 to $400 per week, which gives Americans an incentive to go back to work, not sit on their asses as the Democrats want!

This idiot on Fox News saying that people really need the extra $600 per week on top of their normal unemployment draw instead of the $400 the President authorized, are MORONS..

I have COUNTLESS friends who own restaurants who can't get anyone to go back to work.. FACTS

Arthel Neville on Fox News Weekend Crew has no clue what she's talking about and how millions of small businesses can't find enough help because the additional federal unemployment of $600 a week, on top of the state money, was keeping folks from coming back to work.

Every American should be proud to have a President who will always put the American people over politics!

The ONLY good thing that has came from this Coronavirus IDIOCY is the fact that almost ALL major retailers will now be closed on Thanksgiving Day so that employees can be home with their families like it was intended.

@Scaramucci, who just made a fool of himself as he got taken apart by @SteveHiltonx, only lasted 11 days in his favorite of all time Administration, before being fired for, again, making a fool of himself. Anthony is a loser who begged to come back. I said "No Thanks"

1. President Trump had no choice but to issue the Executive Orders this afternoon, and given that Obama instituted DACA without legislation and John Roberts seemed okay with that, the president's DOJ will have strong grounds on which to defend them.

2. But why would the Democrats and their media propagandists oppose the Executive Orders since they supported Obama's executive action on behalf of illegal aliens, and President Trump's orders actually assist tens of millions of American citizens.

3. The president, and the American people, are sick and tired of Pelosi, Schumer, and the media playing games with their lives and their families, and they are sick and tired of legislative blackmail by a wildly radical House speaker from San Francisco.

4. We live in different times, where we are fighting for our survival as a free and prosperous people against a loathsome enemy from within. Kudos to the President, the only person in Washington who actually wants to get things done on behalf of the people.

I've said my piece. I appreciate all of you who agree with me. And those who don't. I don't appreciate those of you that have nothing to say but insults and hate. You're the problem. The majority of us want civility and a safe America so we can be good parents and raise our kids.

Psychologists across the spectrum say no school or school activities will have a devastating effect on America's kids. If your local leaders are canceling these things and the child suicide rate triples this fall they should be held accountable. Avg covid fatality is 78 yrs old.

I honestly have no hate for anyone. I pray every night for our country and want the best for every citizen in it. I love my state. But what's happening right now is wrong and makes no sense. Ever changing rules, crazy mandates, mayors saying one thing than doing the opposite.ugh.

No national leadership. New Zealand had a stay at home order in March and now they have sports. No masks needed. But we have Jared and Ivanka skiing in Wyoming with the Oligarchs.

The FDA had a part in this. They withheld testing kits for weeks that other countries used just fine. The president should have waved the efficacy requirement for FDA approval, which would only force them to prove safety with the kits

Since 1894, through world wars, Nat'l tragedies, every pandemic and The Great Depression college football was there to uplift the American psyche. Americans were proud and always kept the country moving forward. This virus has a 99.9 % recovery. This is all so unnecessary.

Larry, look at the replies. People who have lost friends and family to this, who will now have permanent heath effects from barely surviving this. As much as I enjoy football, this is bigger than that

Larry The Cable Guy @GitRDoneLarry 2h
Tyler I'm not discounting that. It sucks. However 60-80 thousand die from the flu every year and I don't hear the same sympathy for those people. We have a handle on who this is affecting and it's not high school or college kids. No one is not saying a covid death is tragic

I honestly don't want to tweet my thoughts cause it's obviously futile. But our country is being destroyed and sitting on the fence just doesn't seem right. And if voicing you're opinion in America causes you to be scared and fearful than it's not America anyway.

No one's discounting covid deaths.Stop saying people don't care about them. People do. it's horrible. 60-80 thousand die from flu and those same people somehow never said a word. The Media didn't even cover them. Epidemiologist say we know now who is vulnerable and it's not kids.

You haven't seen this video you need to go and watch it. It's super eye-opening that the Democrat Party would actually engage in this kind of corruption. This was a Bernie Sanders supporter! So the Hillary team should be responsible for his death! Thank you Matt.

We will not survive as a nation if something doesn't change quick.

This is real isn't it....

COVID-19 Considerations

- You are your safest sex partner. Practice solo sex or limit the number of sexual partners you have.
- Wash your hands and objects with warm water for 20 seconds before and after sexual activity.
- The virus has been found in the semen and feces of people with COVID-19. We do not know if COVID-19 can be spread through vaginal or anal sex.
- Talk about COVID-19 risk factors before having sex, just as you would discuss consent, condoms, PrEP, and other safer sex topics.

A candidate should never be chosen based on race, it should always be chosen based on qualifications and the ability to do the job. What we're seeing in Joe Biden picking a running mate should anger 87% of Americans... It should anger 100% but you should understand the jist..

Ok I sent a tweet out to Nebraska medicine about the likelihood of kids spreading covid. I'll wait for the answer. We do know for a fact per my interview with them almost none of them know they even have it unlike the flu. We talked about this. I want to be accurate.

COVID-19 Considerations

- You are your safest sex partner. Practice solo sex or limit the number of sexual partners you have
- Wash your hands and objects with warm water for 20 seconds before and after sexual activity
- The virus has been found in the semen and feces of people with COVID 19. We do not know if COVID 19 can be spread through vaginal or anal sex
- Talk about COVID-19 risk factors before having sex, just as you would discuss consent, condoms, PrEP and other safer sex topics

A candidate should never be chosen based on race, it should always be chosen based on qualifications and the ability to do the job. What we're seeing in Joe Biden picking a running mate should anger 87% of Americans... It should anger 100% but you should understand the jist..

I debated a Canadian citizen on their healthcare compared to ours. In the end he agreed they had longer waits, less options, and denials for certain care, especially for the elderly! This was to keep cost in line and equated to death panels!

I won the debate!

The gold medal for handling COVID-19 goes to Sweden. They didn't collapse their economy or go crazy with restrictions. Now looking at the results, they seem to have done well. Many knocked them for their methods, but looking at the stats they proved everyone wrong.

The U.S. so far has managed its death rate from the virus when compared to Sweden. However in July, Sweden has successfully flattened its curve of COVID-19 cases to less than 200 a day and daily death totals in the single digits for two weeks.

America has NO FUTURE and NO CHANCE at survival as long as everyone keeps sending their children to public schools. We won't last another decade if this continues.

The liberal indoctrination of your children & mine is killing the very foundational basis of America.

We will not survive as a nation if something doesn't change quick.

They are taking over your country without a single shot even being fired, doing it through public education!

Every difficulty that the US is currently experiencing is due to failures in our capitalistic society - and yet, you can't even be honest with yourself about it

You use the term socialism like a parent says boogeyman.

This is happened under capitalism's watch, Pat

This is a good thing. Maybe now colleges will focus on actually educating people.

Bad move by Big 10. I believe ACC, SEC, & Big 12 are going to have fall season. Safer for players to play with safeguards and testing than to let players go home and party. Revenue from having season will help fund other programs of schools that go foreward.

Bad move by Big 10. I believe ACC, SEC, & Big 12 are going to have fall season. Safer for players to play with safeguards and testing than to let players go home and party. Revenue from having season will help fund other programs of schools that go foreward.

(2) First, Harris was a respected Stanford professor who taught economics and economic history. He is hardly likely to be careless or wrong in revealing his own family ancestry

(3) Moreover Harris was a man of the Left, so he had no hostile ideological motive. Also he published his findings in a Jamaican magazine, Jamaica Global, written mainly for his fellow Jamaicans around the world, so he was clearly not trying to influence the American debate

Kamala Harris wants society to pay reparations because of the harm slaveowners & slavery caused to the mental health of blacks. Why doesn't SHE pay given that her paternal ancestor Hamilton Brown was one of the worst offenders, terrorizing 200+ blacks on his five plantations?

If you are requiring people to wear masks outside, you are an idiot..

People need fresh air and Vitamin D.. This has gone on long enough, and it's a shame that the politicians on our side of the aisle won't stand up to this idiocy..

If Biden becomes our boss, yuan will be our currency, which is VERY BAD! 1 dollar is 7 yuan, but since most of us aren't that great at math, we will have NO CLUE how much we pay for things! We will think we made a GREAT DEAL, but we got RIPPED OFF! Only Donald can PREVENT THIS!

Emirates

This historic diplomatic breakthrough will advance peace in the Middle East region and is a testament to the bold diplomacy and vision of the three leaders and the courage of the United Arab Emirates and Israel to chart a new path that will unlock the great potential in the region. All three countries face many common challenges and will mutually benefit from today's historic achievement.

Delegations from Israel and the United Arab Emirates will meet in the coming weeks to sign bilateral agreements regarding investment, tourism, direct flights, security, telecommunications, technology, energy, healthcare, culture, the environment, the establishment of reciprocal embassies, and other areas of mutual benefit. Opening direct ties between two of the Middle East's most dynamic societies and advanced economies will transform the region by spurring economic growth, enhancing technological innovation, and forging closer people-to-people relations.

As a result of this diplomatic breakthrough and at the request of President Trump with the support of the United Arab Emirates, Israel will suspend declaring sovereignty over areas outlined in the President's Vision for Peace and focus its efforts now on expanding ties with other countries in the Arab and Muslim world. The United States, Israel and the United Arab Emirates are confident that additional diplomatic breakthroughs with other nations are possible, and will work together to achieve this goal.

The United Arab Emirates and Israel will immediately expand and accelerate cooperation regarding the treatment of and the development of a vaccine for the coronavirus. Working together, these efforts will help save Muslim, Jewish, and Christian lives throughout the region.

This normalization of relations and peaceful diplomacy will bring together two of America's most reliable and capable regional partners. Israel and the United Arab Emirates will join with the United States to launch a Strategic Agenda for the Middle East to expand diplomatic, trade, and security cooperation. Along with the United States, Israel and the United Arab Emirates share a similar outlook regarding the threats and opportunities in the region, as well as a shared commitment to promoting stability through diplomatic engagement, increased economic integration, and closer security coordination. Today's agreement will lead to better lives for the peoples of the United Arab Emirates, Israel, and the region.

The United States and Israel recall with gratitude the appearance of the United Arab Emirates at the White House reception held on January 28, 2020, at which President Trump presented his Vision for Peace, and express their appreciation for United Arab Emirates' related supportive statements. The parties will continue their efforts in this regard to achieve a just, comprehensive, and enduring resolution to the Israeli-Palestinian conflict. As set forth in the Vision for Peace, all Muslims who come in peace may visit and pray at the Al Aqsa Mosque, and Jerusalem's other holy sites should remain open for peaceful worshippers of all faiths.

Don't blame the national media for refusing to cover the execution murder of a five year old child. They've spent the last two days covering how Tucker Carlson pronounces the Democratic VP candidate's name so they really just haven't had time to focus on other things.

The national media's blackout of the Cannon Hinnant story is breathtaking. It's possibly the most heinous murder in memory -- a child executed at point blank range while riding his bike in his dad's yard -- and the national media has said nothing. Seriously, nothing. Incredible.
